

## 130 CANDIDATES IN PRIMARIES

### Popular Stars Headline 2nd Firemen's Show

**McMillen - Sonnenberg, and  
Ruffy-Grubmeier Are  
Featured Wrestlers**

All roads will lead to Antioch Friday night, April 5th, when the Antioch Volunteer Fire department is staging its second annual sports show, featuring high class wrestling and boxing bouts. The professional wrestling will feature Ruffy Silverstein versus Gorilla Grubmeier and Jim McMillen against Gus Sonnenberg, in a double feature, with a one-hour time limit on each bout, and Olaf Olsen will tangle with Seely Samara, the giant colored wrestler, in the 30 minute semi-windup. Th wrestling matches will be preceded by four amateur boxing bouts between winners of the Antioch High School tournament and opponents from Libertyville and Grant. There will also be a wrestling match between two Antioch boys, "Wild Bill" Murphy and "Hammermill" Pachay for the championship of Main street.

Gus Sonnenberg has been a top flight performer for a number of years and holder of the World's Championship from 1930 to 1934. Gus beat Strangler Lewis in Boston for the title and subsequently drew some of the largest gates in the history of wrestling. Lik McMillen, Sonnenberg is a college man, having played football at Dartmouth, and later with Detroit and Providence in the professional league. He carried his football tactics from the gridiron into the ring and popularized the flying tackle type of wrestling. With his 215 pounds on a five-foot-eight chassis, Gloomy Gus is one of the hardest men in the ring to handle. Fans are looking forward to this meeting between two former gridiron stars.

**"Gorilla" to Be Tough**  
Ruffy Silverstein, the Illinois State Heavyweight title holder and former National Amateur champion will have his hands full with Gorilla Grubmeier. The Gorilla, who takes a back seat for no one when it comes to looks, gave McMillen a rough time of it for 30 minutes last Friday at Waukegan, the match ending in a draw. Fans who saw this match say that Ruffy better be in No. 1 condition when he tackles the Gorilla, if he expects to retain his state title.

A great many celebrities have been invited to attend the show, including Joseph Triner of the Illinois State Athletic commission, George Halas, Jack Manders and Bernie Masterson of the Chicago Bears Football club, and Paddy Driscoll and Tarzan Taylor of Marquette university.

The advance sale of tickets indicates a capacity crowd for this gala sports event. The bouts will be held at the Antioch High school and proceeds will go to the uniform fund of the Antioch Fire department.

### Five Churches to Hold Rally Here Sunday

**Will Have Meeting at the  
Salem Church Sat.,  
Here Next Day**

Churches of Salem, Wilmet, Bristol, Lake Villa and Antioch will join in a big all-day rally here Sunday, March 31, the Rev. W. C. Henslee, pastor of the Antioch Methodist parish, announces.

On Saturday, these churches will sponsor a "training school" for Sunday school teachers, parents, leaders of young people and other workers, at the Salem church.

The "training school" and the rally are both designed to promote the interests of religious education.

Rev. Henslee and the Revs. Ernest Kistler of Salem and I. B. Allen of Lake Villa are the committee in charge of arrangements for these gatherings. Emphasizing the need for a renewed interest in religious education at the present time, the committee states:

"The greatest task facing America today is the moral and religious training of our youth."

### The Antioch News Primary Special

The purpose of this "Primary Election Edition" of The Antioch News is to present a brief digest of primary election laws, the specific duties of the several offices in contest and information regarding qualifications of candidates who have co-operated in making possible this special edition.

Because of present day economic conditions, the problems of conducting the affairs of local government at the least expense, but without sacrificing efficiency in the offices, is a matter of serious concern to every taxpayer in the land.

The Antioch News hopes the information conveyed in its columns this week proves an aid to voters in deciding how to cast their ballots for the best general civic interests. If this is accomplished, this "Primary Election Edition," which is being sent to every rural boxholder in Lake County, will have served its purpose.

### John J. Morley, Noted Antioch Sportsman, Dies

**Death Closes Colorful Career at Age of 74; Ill Only Few Days**

John James Morley, 74, one of the most colorful figures of Antioch during the early 1900's and the late 1800's, will be laid away to rest with services in the Strang Funeral home Friday afternoon at 2 o'clock. The Rev. J. E. Charles will officiate.

Burial will be in Hillside cemetery. Morley had been ill for only a few days, and although his health had been poor during the past two years, his death Wednesday morning at 6 o'clock at his home in Antioch came as a shock to the members of his family and the community.

A descendant of pioneers and himself, during the course of his career, a tavern keeper, enthusiastic sportsman and real-estate dealer, Morley made an impress in the life of the community that will not soon be forgotten.

In his younger days he was something of a boxer, and he retained his interest in that sport in after years. He was one of the few men from this region who saw the historic Corbett-Sullivan fight in New Orleans.

He trained race horses, raised gamecocks, and bulldogs. He was particularly an admirer of fine horses, and used to go to New Orleans to attend the races held there.

While he was not himself personally active in the political field, Morley was, like many other saloon keepers of the past decades, something of a political force behind the scenes. He was an ardent Democrat, and for many years helped influence Democratic policies in this territory.

**Son of Civil War Veteran**  
Born in Antioch June 25, 1866, he was the son of William Guy Morley and Mary L. Morley. The elder Morley had come originally from England, fought in the Civil War, and settled in Antioch as a cabinet-maker and wagoner afterward.

John Morley was born in their home, located near what is now the site of the Antioch Grade school, or possibly a little east of it, and was a life-long resident of the community.

He is survived by his widow, Nellie L. Morley; by his daughter and sons, Mrs. James W. McMillen of Antioch, John Morley, Jr., athletic coach at Waukegan High school, William L. Morley of Tujunga, Calif., and Robert Morley of Antioch; and by eight grandchildren.

A sister, Susan Morley Webb (Mrs. Chase Webb), of Antioch and Mexico City, also survives.

**Gives Party for Candidate**  
Many of the county candidates and 50 or more other Democrats, young and old attended the party given yesterday by Mrs. John Brogan at her home on Spafford street in honor of Charles Cermak, Jr., Democratic committeeman from Antioch precinct 2, who is a candidate for re-election at the primaries on April 9.

### Children and Adults Honor S. H. Reeves

**Etching Is Presented to Veteran Antioch Druggist  
Easter Sunday**

"With gratitude and love to Daddy Reeves from the children and civic organizations of Antioch"—so reads the inscription on the framed etching of himself presented to Sidney Herbert Reeves, "the Grand Old Man of Main street," at an imposing community ceremonial Sunday afternoon at 3 o'clock in Reeves' Drug store. Preparations for the event had been kept a guarded secret, and the ceremony came as an Easter surprise to Mr. Reeves.

The presentation was sponsored and arranged by the Antioch Community council, (made up of representatives of organizations and churches of the village), on behalf of the Antioch Grade school children, and the children themselves took part in the observance. It was intended as a many-fold expression of appreciation: Appreciation for the business leadership of Reeves, who at 81 is the oldest active business man in Antioch; appreciation for his contributions to community life in various ways over two decades. And—closest of all to the hearts of many who were there—appreciation for the kindness he has shown for years to the school children of Antioch, who

### Farmers Milk Co. Takes Charge of Antioch Plant

**Local Plant Will Be Run  
on Co-operative  
Basis**

The Farmers Milk Co., backed by Samuel Lester of Stoughton, Wis., and the Westbrook Farms Dairy, Inc., of Chicago, has taken active charge of the Antioch plant, formerly operated as the Antioch Dairy company, receiving milk for the Chicago market. The new management has a direct outlet in Chicago for grade A products, says William Stone, of the Westbrook company, who has taken over the duties of local manager pending the arrival here of M. R. Tolstrup, former dairy professor at the Ames, Ia., college of agriculture.

Mr. Lerner is the owner of the Stoughton and Oregon creameries in Wisconsin, and the Westbrook Farms Dairy Co., Inc., is the second largest exclusive wholesale distributor in Chicago.

Officials of Mr. Lerner's company say that they see a prosperous future ahead for the Antioch plant as a receiving station, and that they expect to guarantee payments to their farmer patrons so that there will be no loss to anyone who delivers milk to the local plant.

Mr. Tolstrup, who has had more than 30 years experience in dairy plant management, is expected to take over the management of the plant on April 1.

### The Man for Governor

RICHARD J. LYONS

Even if Richard J. Lyons were not "Lake county's favorite son," — if he resided in the most remote county in the state — he still would be the logical man for Governor of Illinois. The fact that he lives in Libertyville in Lake county has had no bearing on his ability as a legislator, his honesty, or his loyalty to causes he believes to be just and right.

No one questions the ability of Dick Lyons, or his courage, or his honesty. He proved all these during his ten years in the legislature at Springfield. No one can say he has ever stooped to the practice of "pussy-footing," and no one has dared to point a finger at his unsullied integrity. The very worst that Dick Lyons' most bitter opponents have said is that he was a "rabble-rouser," during his campaign for the U. S. Senate in 1938. Provocation for this outburst was that Lyons laid the cards on the table, exposing graft and corruption in high places, and his vigorous campaign of "rabble-rousing," if his political enemies wish to call it that, was instrumental in electing a number of Republican congressmen and in electing Republican county candidates in eighty Illinois counties.

Lyons is the logical choice for Governor because he is open in his methods of campaigning. He and C. Wayland Brooks, able candidate for the United States Senate, are campaigning together, openly, — and why not? There is nothing to conceal from the voters, and there is nothing wrong with the alliance. Both candidates are interested in the cause of honest government.

Dick Lyons should be the choice over his Republican opponent, Dwight H. Green, because Green's candidacy is backed by the Kelly-Nash-Horner organization which seeks, with the aid of traction and utility interests to nominate both Green, Republican, and a Kelly-Nash-Horner Democrat — which would be a splendid exemplification on the part of bi-partisan political bosses, of "playing both ends against the middle" — if it works!

Charges that Green's candidacy for governor is "closely interwoven" with Kelly-Nash Democratic organization "are well founded and substantially correct," Major A. K. Stiles, Illinois Republican state chairman, stated today.

He based his finding upon evidence submitted by members of the executive board of the Women's Republican Organization of Oak Park, of which Mrs. John K. Russell is chairman.

The women's group, at a meeting Monday, had charged that Kelly-Nash Democrats are helping to finance and direct Green's campaign; and that traction and utility interests are fostering Green's candidacy.

Pointing out that, as statutory head of the Republican party in Illinois, he had maintained complete neutrality in the primary, Major Stiles expressed deep regret that it had become necessary for him to inquire into the charges of the women's groups.

So much for Mr. Green's bi-partisan campaign methods.

The Democratic organization considers Green the candidate easiest to defeat in November. They do not want Lyons as the Republican nominee.

The Chicago and Springfield Democratic political machine knows that Dick Lyons is not afraid—they know that he will tear the mask from governmental corruption at Springfield. That's a job that needs to be done, and Lyons will do it in a masterful and thorough manner.

Richard J. Lyons is the right man for Governor.

### When Barn Moves, Traffic Takes Holiday

North and south traffic on Highway 45 south of the Hickory Corners junction with 173 was detoured for two hours Saturday morning, from 8 to 10 o'clock, while a large barn was being moved from the "Elmer Pollock farm" purchased about a year ago by E. H. Ravenscroft to Max Irving's farm. The barn had been bought by Irving, who secured a special permit to move it across the highway.

**Stage Party for Candidate**  
A pre-election complimentary party for Paul Chase, candidate for Democratic committeeman, Antioch Precinct No. 1, will be given Saturday evening by Roger brothers at Cox's Corners. There will be free refreshments and lunch. The public is invited.

### Rescue Truck Fund Continues to Gain, Chief Stearns Reports

Donations for Antioch rescue truck fund during the past week have included the following, Fire Chief James Stearns, chairman of the local fund committee, announces:

Mrs. Mollie Somerville	\$ 3.00
William Musch	1.00
Arthur Larsen	2.00
American Legion Auxiliary	2.00
George B. Bartlett	1.00

This, with the \$405.00 which he states he already has received, brings the total at present to \$414.00, Stearns announces.

Several other persons and organizations have signified their intention of contributing to the Antioch fund, but complete reports on these are not all in, according to the last check-up. Their receipt would, however, raise the fund somewhat higher.

### G. O. P. Ballot Has 93 Names; Democratic 37

**Duties of Various Offices  
in '40 Contest Are  
Outlined**

Although there are two types of elections in Illinois—general and primary—this special edition of The Antioch News pertains to the Primary election which will be held Tuesday, April 9.

At primary elections, various political parties which are legally recognized within the state, submit to the voters of a definite party affiliation a ballot containing the names of candidates for nominations of the respective parties to be voted on at the general election in November.

All political parties in the state hold their primaries at the same time and place, the expenses of which are paid out of public funds.

At the primary elections each party is provided with separate ballots bearing a distinctive color and containing the names of none but candidates of that party. The names of candidates are put upon their party ballot, by petition and in the order in which the petitions are filed as required by law.

#### Primary Includes All

The primary election laws apply to the nomination of candidates for all elective offices, except presidential electors, trustees of the University of Illinois, township and school offices. These laws also apply to the election of all precinct, senatorial and state central committeemen and an advisory vote may be taken upon candidates for President of the United States.

Every voter at a primary election is required to state the name of the party with which he affiliates and one of the judges must announce the name of the voter, his residence, and his party affiliation in a distinct tone of voice, loud enough to be heard by all persons in the polling place.

#### Decides Party Tickets

The person receiving the highest number of votes at any primary election as a candidate of a party for a given office, becomes the party nominee for the office. Tie votes are decided by lot as provided by law.

Primary elections are held on the second Tuesday in April in every even numbered year for the nomination of candidates for senatorial office and for the election of senatorial committeemen.

Candidates to be nominated in the primary election, April 9, this year, are: United States senator, congressman-at-large, governor, lieutenant governor, secretary of state, state auditor, state treasurer, attorney general, congressman from the district, state senator, state representatives, state's attorney, circuit clerk, county recorder of deeds, county auditor, Precinct, senatorial and state central committeemen are elected at this time.

#### Congress—

The legislative power of the federal government is vested in a congress which consists of two houses—the Senate and House of Representatives.

The Senate is composed of two Senators from each state who are elected by a direct vote of the people to serve six years. One-third of the senators is elected every even numbered year at the general election in November, taking office on the third of January following their election. Senators are eligible for re-election.

At the present time Illinois is represented by Senator Scott Lucas of Havana, and Senator James M. Slattery of Chicago. Sen. Slattery was appointed by Governor Horner to serve in the place of the late Senator James Hamilton Lewis until the forthcoming election when the unexpired term will be filled. Sen. Lewis was elected in 1936 and the term expires in 1942.

The Democratic candidates for this office are Senator Slattery and Benjamin S. Adamowski, of Chicago. The Republican candidates are Cong. Ralph E. Church of Evanston, present representative from the tenth district, and C. Wayland Brooks, of Chicago.

#### The "Lower House"

The House of Representatives, or "lower house," is composed of members elected directly by the people to serve two year terms. It is intended

### The News "Don't Want Nothin'"

#### —Only Good Government!

Each campaign brings forth the usual army of office seekers, job seekers, and the usual number of political "rail birds" who make believe they're supporting some cause or the candidacy of some person—in the interest of immediate or future profits to themselves.

This present campaign is no exception. Let it be understood that the Antioch News seeks no political preferment of any nature, and that it is interested only in the cause of good government—which includes the breaking up of the "Chicago machine" that has dominated Illinois politics for a score of years, whether Democratic or Republican, and the driving from the statehouse at Springfield the corruption that has run rampant during the Horner administration.

Corrupt government profits only the few on the inner circle. Good and honest government is a whole-some kind of democracy that benefits all alike.

The News charges for political advertising, but reserves the right—always—to advocate the election of those whom it believes most capable of rendering honest and intelligent government.

### Help the Firemen—And Enjoy Yourself!

Good government begins at home, right in one's own community, with its various civic and service organizations.

In Antioch, one of the most useful is the fire department, which has given notably efficient fire protection in the village, in Fire District No. 1 outside the village limits, and has given aid to many neighboring communities in emergencies.

For some time now, the Antioch fire department has been endeavoring to raise funds for the purchase of new uniforms. These funds are almost, but not quite, complete, and to raise the additional amount needed, the firemen are sponsoring their second annual Wrestling and Boxing show, to be held Friday evening, April 5, in the Antioch Township High school gymnasium.

Those who were in the large crowd that attended last year's show will remember it as an exemplification of clean sport—with plenty of thrills thrown in.

This year's card promises to be even more spectacular, and the audience should find it a worthwhile evening's entertainment—as well as an opportunity to help along a deserving cause.

### George Started Something

An interesting sidelight on the subject of machines is that Congress—both Senate and House—has voted unanimously to hold a special celebration of patents on April 10, which the president will designate as "Inventors' and Patents Day."

Patented devices, most of them, go far toward decreasing the sweat of the brow of the man or woman who works. And Congress as a whole seems to think they are pretty good things, or it wouldn't be celebrating the 150th anniversary of the first patent law signed by George Washington.

## Paddock Receives Splendid Backing for Representative

### Evanston Man Seeks to Succeed Cong. Church in 10th District

Endorsed by every Chicago ward Republican organization in the 10th District, by the New Trier township Republican organization, and by all Republican groups in Evanston township, George A. Paddock of Evanston is campaigning for the congressional seat vacated by Ralph Church, now candidate for the Senate.

Born in Winnetka, Mr. Paddock added to his knowledge of the 10th District by dairy farming just across the river from it in McHenry county. He has lived in Evanston since 1918. The candidate's family have resided in Illinois for 100 years; they have been "stockholders in the United

States." Mr. Paddock points out, for 300. His father was major in the 12th Illinois during the Civil War, and for 45 years a lawyer in Chicago.

Mr. Paddock attended the University of Chicago and University of Virginia (B. L. '06), and was admitted to the Illinois bar in 1907. An investment banker, he is vice-president of Rogers & Tracy in Chicago.

Republican service included national campaigns since 1916. Beginning as precinct committeeman, Mr. Paddock is now Evanston township committeeman, and treasurer of the Cook County Central committee.

Civic experience ranges from a directorship on the Chicago Crime Commission to six years on the Evanston City council. Mr. Paddock was also a director of the Legislative Voters' League, studying the operation of the state legislature, and of the Citizens' association, oldest civic betterment organization in Chicago.

Supported by the regular party organizations, Mr. Paddock is also endorsed by the Woman's Republican club of Evanston, the Evanston Young Republican club, and veterans' groups in Chicago and Evanston. The candidate served as major, 342nd Infantry, 8th Division, during the war. Past

commander of Post 42 (Evanston) of the American Legion, he was a member of the St. Louis convention at which the Legion was founded.

### Alaska's Albino Buffalo

One of those million-to-one freaks of nature, an albino buffalo, has been sighted several times with a herd in the Big Delta country, south of Fairbanks, Alaska. Dr. William T. Hornaday, famed conservationist, says probably not more than 10 or 11 white buffalo have ever been seen by white men.

# 130 Candidates Seek Election in Primaries Tuesday, April 9

## PRIMARY ELECTIONS ARE REGULATED BY ILLINOIS STATUTES

(continued from page 1)  
to represent the nation upon the basis of population in contrast to the senate in which the representation is equal with every state.

The states are divided into congressional districts, originally based on the idea that there would be one representative for each 30,000 inhabitants, but as the population increased it was later decided to fix the number of representatives without precise regard for population. If the state legislature fails to provide for its increased representation by redistricting the state before the next general election, the additional Representatives are chosen by the voters of the state and are known as congressmen-at-large.

**10th District Candidates**  
Lake county is in the 10th Illinois district and is represented by Ralph E. Church, Evanston, a Republican, who now seeks the Republican nomination for United States senator and will not be a candidate to succeed himself in the house of representatives.

Republicans who seek the nomination are Drennan J. Slater, John Fay Harris, William Mason, George A. Paddock, Robert E. Schaefer and James M. Crume. The lone Democrat seeking the office is John Haderlein. Illinois has 25 such congressmen and two congressmen-at-large to represent the state's 25 congressional districts. They are elected every even numbered year.

The Representatives originate all federal bills for raising revenue. The House of representatives has the sole power of impeachment and it has the privilege of choosing the President of the United States in case no one candidate should receive a majority of the electoral vote.

### State Legislature—

The Legislature, or law-making power of the state, is vested in the general assembly, which consists of a senate and house of representatives. The members of both houses are elected by the people of the state according to the districts in which they reside.

The legislature in its biennial sessions considers various measures which are proposed for enactment into law. A proposed law is known as a bill during its consideration in the legislature and a bill may be introduced in either house. There must be three separate presentations of the bill in each house on three different days, though it is not necessary nor customary, for the two houses to consider the same bill on the same day. During the progress of a bill in the general assembly it is said to have reached the "second reading" or is up for "third reading," or final passage.

For the two year term, each member of the general assembly receives a salary of \$5,000 which is payable during the first regular session of the assembly held after the November general election.

The Senate is composed of 51 members, one from each senatorial district in the State. Senators from the even numbered districts are elected at the same time as the Governor, in years divisible by four. Senators from the odd numbered districts are elected for four year terms on the even numbered years between gubernatorial years.

Lake county is in the Eighth senatorial district, comprising Boone, McHenry, and Lake counties, totalling a population of about 154,000. Lake county has the largest population of the three counties in the senatorial district with 104,000; McHenry county has 35,000, and Boone, 15,000, according to the federal census figures of 1930.

The present senator is Ray Paddock of Wauconda who was re-elected in 1936 to serve his third term and is the Republican candidate for nomination for his fourth term. He is opposed for the Republican nomination by Richard B. Martin, of Highland Park, Verne Corley, and Albert E. Nordstrom of Waukegan. There is no Democratic candidate for this office.

The house of representatives is composed of 133 members, three from each of the senatorial districts in the state and the entire body is elected every even numbered year.

Every ten years, at the first session after the taking of the census, the General Assembly divides the state into 51 senatorial districts. These districts must contain as nearly as practicable the same number of inhabitants, must be formed of contiguous and compact territory, and be bounded by county lines.

The eighth senatorial district is composed of the counties of Lake, McHenry and Boone, and the people are not required to choose their representatives from each of the three counties in this district.

### Cumulative Voting

In the election of representatives, every voter has the right to vote for three candidates, giving each one vote; for two candidates, giving each one and one-half votes; or for one candidate, giving him three votes. A

**C. WAYLAND BROOKS**  
Republican Candidate  
UNITED STATES SENATE

voter may give two votes to one and one to another candidate, or distribute his votes in two or three other ways. By this plan the minority party can usually elect one man by having one candidate and giving him all the votes.

Usually the party in the majority nominates two candidates in the district and the one in the minority nominates one. In this case a nomination is equivalent to an election unless a second minority party develops unexpected strength in voting for a single candidate.

When two parties are of nearly equal strength, each one may nominate two candidates, in which case, the friends of one candidate will give three votes for their favorite instead of one and a half for each candidate on the ticket. This is called "plumping," and may sacrifice party to personal interests.

The sitting representatives from the Eighth district are: Nick Keller of Waukegan, Republican; Harold D. Kelsey of Barrington, Republican; and Thomas A. Bolger, McHenry, Democrat.

Others seeking the Republican nomination are C. Russell Allen, Waukegan; Willis A. Overholser, Libertyville; Martin Jensen, Waukegan; Daniel S. Hunt, Deerfield; Brown Pierce, Highland Park; Michael J. Haney, Waukegan; Charles E. Neal, Waukegan, and Charles Kerwin Stratton, Ingleside.

### State's Attorney—

The office of State's Attorney is rated one of the most important in the county, and thus carries with it the highest salary of all county officers. The operations of this office directly affect the everyday lives of all citizens within the State's Attorney's jurisdiction.

He sees personally that offenders against the laws are indicted, arrested and brought to court for trial where he then endeavors to prove their guilt and to have them punished.

In many counties, however, political expediency, entangling alliances or other causes have been responsible for the state's attorney in some Illinois counties to countenance, or "overlook," violations practiced generally among his constituency. Such conditions in some counties have led to the bringing of charges of malfeasance in public office, grand jury indictments and the removal from office of some offenders.

### Duty of D. A. Outlined

It is his oath of duty to uphold, by prosecution, all laws on the state statutes and he is directly responsible for their enforcement. The State's Attorney is required to commence and prosecute all "actions, suits, indictments and prosecutions, civil and criminal, in any court of record in his county in which the people of the state or county are concerned."

The State's Attorney is the people's representative in courts of law and he must defend all actions brought against the county or county officers. He is the attorney who prosecutes all forfeited bonds and all actions and proceedings for the recovery of debts, revenues, moneys, fines, penalties and forfeitures accruing to the state or his county or to any school or road district in his county. All suits in his county against railroad or transportation companies which may be prosecuted in the name of the people of the state are prosecuted by him.

In addition to giving opinions of law to county officers and justices of the peace in his county in which the people are concerned, the State's Attorney must render service for the county or state on all legal matters affecting the people as a whole.

### Collects Many Fees

Fees, ranging from \$5 to \$50 depending on the type of service and

### Officials Are Required to Subscribe to Oath

Each elected county official, before entering upon the duties of his office, is required to take and subscribe and file with the county clerk, the following oath:

"I do solemnly swear (or affirm, as the case may be), that I will support the constitution of the United States, and the constitution of the state of Illinois, and that I will faithfully discharge the duties of the office . . . according to the best of my ability."

case, are collected by the State's Attorney. For instance, each conviction on indictments for murder, manslaughter, rape, kidnapping, arson, forgery or other cases punishable by imprisonment in the penitentiary, the fee is \$30 per count. For each preliminary examination for each defendant held to bail, the State's Attorney's fee is \$5. When he defends or prosecutes cases that are taken to the Supreme or Appellate courts, the State's Attorney collects a \$50 fee.

At each term of the circuit court the State's Attorney must report on the payment and collection of all fees, fines, forfeitures and penalties and he must satisfy the court by vouchers or otherwise that these funds collected have been turned over to the county treasurer.

### Gets \$7,900 Salary

The salary of the State's Attorney, which amounts to \$7,500 per year in Lake county, comes out of the fees collected by him plus a \$400 contribution by the state, totaling \$7,900. Salary and the number of assistants he may have are fixed by the county board of supervisors.

Any funds from the fees collected by the State's Attorney which remain after the payment of his and his assistants' salaries, goes to the county superintendent of schools for the school fund of the county. This is payable the first day of January after the expiration of the State's Attorney's term of office.

Republican candidates for the nomination are: Charles E. Mason, incumbent, Harry A. Hall, and George S. McGaughey, all of Waukegan. The Democrat seeking the nomination is Charles Noll, Waukegan.

### Circuit Clerk—

A Circuit Clerk, who must keep an office open in the court house whether the circuit court is or is not in session, is required to file, record and preserve all proceedings in the circuit court in his county.

The Circuit Court is the highest judicial court in the county and has jurisdiction over all criminal cases and those passing through the master in chancery which includes all civil actions in controversies that exceed \$1,000, divorce actions, etc.

It is the duty of the Circuit Clerk to attend and record in person all circuit court proceedings; keep a docket of pending cases; index and register all plaintiffs and defendants; keep an accurate account of all moneys received and paid out through his office; keep the official seal of the court; file all opinions handed down in the court; publish announcements of special terms, civil actions, etc.

He keeps accounts of the costs of all suits in the circuit court in his county. These costs are made up of the fees of the sheriff, clerk, witnesses, jury, and others, and are usually paid by the person against whom the suit is decided.

The circuit clerk also issues the summonses, subpoenas, executions and other processes of court. The Circuit Clerk must be able to assist all persons desiring to inspect or examine any record filed in his office.

The important office of Circuit Clerk, it seems, requires in the officeholder the capacity for exacting detail and the ability and willingness to attend courteously to all matters relating to proceedings of the circuit court. These appear to be the essential qualifications voters should look for in candidates for the office of Circuit Clerk. The salary of the Circuit Clerk is \$4,000 per year.

Candidates for this important office are: L. J. Wilmot of Waukegan, incumbent, unopposed for re-nomination in the Republican primary; and James E. Powers, the Democratic aspirant.

### Recorder—

Lake County is one of the few Illinois counties having a population of more than 60,000 inhabitants which entitles them to elect a County Recorder of Deeds. In counties less than 60,000 the circuit clerk handles the duties of the recorder.

The work of the Recorder is recording of the bills of sale of personal property and chattel mortgages in one set of books in his office and the recording of all other instruments in a second set of books.

He must keep an entry book, a grantor's index, a grantee's index, and index for each book of record, an abstract book and an index to record maps, plats and subdivisions with a description of the land mapped.

Deeds and other instruments affecting real estate, made by a sheriff, master in chancery, special commissioner, executor, administrator, guardian, trustee or other person acting on behalf of another must be indexed by the recorder.

Five per cent of all fees collected by the recorder should be paid to the county treasurer for the purpose of an indemnity fund, until the fund reaches \$100,000. (When the fund reaches \$100,000, the payments by the recorder are reduced to 2 1/2 per cent so long as the fund remains at \$100,000. When the amount is less than \$100,000, the 5 per cent payments again become effective). The indemnity fund is held to satisfy judgments obtained against the county for losses or damages. The recorder's salary in Lake County is \$4,000 per year.

There are two aspirants for this office: Howard L. Scott, Republican in

## Permanent Abode Ruled Necessary to Qualify Illinois Legal Voters

If you are a citizen of the United States above the age of 21 with established residence in the State, you are eligible to vote.

However, in order to establish the necessary permanent residence, every person must live one year in the State, ninety days in the county, and thirty days in the election district.

No soldier, seaman or marine in the United States army or navy can claim residence in this State because such a person happens to be stationed here.

Aliens who have not obtained a certificate of naturalization before a court of record in this State are not legal voters.

## Election Terms Defined

The meaning or import of certain words and phrases regarding political elections through their common usage may be defined as follows:

The word "primary" means the primary election.

The word "election" refers to the general election as distinguished from a special election or a primary election.

The word "precinct" designates a voting district, established by law, within which all qualified citizens vote at one polling place.

The words "State office," or "State officer," refer to an office to be filled, or an officer to be voted for, by the legal voters of the entire State, including United States Senator and Congressman-at-large.

The words, "congressional office," or "congressional officer," mean Representatives in Congress.

The words, "county office," or "county officer," refer to an office to be filled or an officer to be voted for by qualified voters in the county.

The words "senatorial office," or "senatorial officer," refer to the State Senator and Representatives in the General Assembly.

The initials "D. A." refer to the "District" or "State's Attorney, sometimes called the "prosecuting attorney."

cumbent; and Fred A. Galiger, Democratic candidate.

### Coroner—

The Coroner of the county finds his principal duty in the investigations of deaths in his county which were supposed to have been caused by violence, casualty or any unnatural means. However, when the office of sheriff is vacant, the coroner assumes all duties of the sheriff's office and has the same powers as if he were the sheriff, until another sheriff is elected or appointed and qualified.

In the case of deaths, the coroner shall go to the place of the dead body and summon a jury of 6 legal residents of the community and inquire into the cause and manner of the death. If further investigation is necessary, the coroner is empowered to continue the inquest at any date he desires to set. The coroner is the only county officer who can give the right to remove the body of the dead person from the county.

He shall maintain a record of all cases during his term of office; dispose of valuable personal property, money or papers on the body; dispose of the body for a decent funeral, apprehend and commit a slayer to the county jail; record the testimony of witnesses, etc.

The coroner's office is a fee office. The candidates for Lake county coroner are: John L. Taylor of Libertyville, incumbent; Charles H. Krueger, Prairie View; and Dr. John E. Walter, of Waukegan, in the Republican primary. Orville J. Lane is the lone Democratic candidate.

### County Auditor—

In counties of more than 75,000 inhabitants and less than 300,000, the residents are entitled to elect a County Auditor for terms of four years.

The duties of this office require a trained accountant who reports quarterly to the county board of supervisors all fees and emoluments due the county from the various county officers as earned, collected or received under the performance of their duties.

In addition, the auditor audits all claims against the county and recommends the payment or rejection of such bills or claims. He approves all orders for supplies issued by the various county officers before the orders are placed, keeps a record of all contracts entered into by the county board and all authorized county officers, and collects and preserves statistical information with respect to cost of maintenance of the various institutions of the county, such as county jails, county farms, workhouses, courthouse, etc.

Compensation of the auditor is determined and fixed by the county board and paid out by the county treasurer by order of the county board.

There is one candidate from each of the major political parties in Lake county for this office: Robert J. Pearsall of Waukegan, incumbent, the Republican, and Edward F. Klammer, of Waukegan, the Democrat.

## Duty of the Voter

It is the civic duty of every person who is eligible to receive a ballot in connection with any public affair, question, or office, to exercise this right, intelligently and honestly, at every election.

It is that person's duty as a citizen to investigate carefully and with an open mind all questions, policies or platforms to be voted upon and to determine, so far as possible, the character and fitness of all candidates for public office.

The relations of the citizen to the state and of the state to the citizen are reciprocal. Each is responsible to the other with the citizen holding the ruling power by means of a ballot. Since all benefits of government in the United States originate in the people themselves by means of the ballot, all power of government is derived from the people.

It is the voter's responsibility at all times to demand of those who are chosen to administer the government in its various functions that these public servants do so faithfully, efficiently, economically and without fear or favor.

## The "News" Is Fair to Political Candidates

"I truthfully believe that your proposition is the fairest proposition I have received," a candidate writes the Antioch News in commenting upon the manner in which this newspaper handles publicity for the various aspirants for office.

Another writes: "It is a pleasure to have your co-operation."

Backers of the candidacy of George S. McGaughey for the Republican nomination for state's attorney are stressing the candidate's ability to handle the duties of that office efficiently, and point to his achievements in the legal profession, his clean record and absolute honesty in handling business intrusted to him.

Under the caption, "Intimate Notes About George S. McGaughey," the Highland Park Press recently printed the following:

Lake county wants safety and security above every thing else. In a world racked with chaos people look about for the best means of preserving themselves and their personal interests. But they sometimes overlook things nearest to them in favor of some situation far away.

There is one office vital to safety and security which is often neglected by thinking people as just one of those political playthings. Seldom do voters think about hiring an individual on any other basis than on the ability to do the job. There's no difference when it comes to hiring your attorney. So why not, just this time, hire your next state's attorney on the same basis at the polls!

George S. McGaughey has offered his candidacy for your state's attorney on this basis. He is familiar with work as the people's attorney in Lake county because McGaughey was that young first assistant under Colonel A. V. Smith, prosecuting such outstanding cases (continued on page 10)

**Dean of Lake Co. Office Holders Is Endorsed for Re-election**

Under the date of March 14, 1940, the National Association of Coroners commends Dr. J. L. Taylor for his services to Lake county, and endorses his candidacy for re-election.

Dr. Taylor is the dean of Lake county office holders, having first been elected in 1900. His work has attracted wide-spread commendation.

In its endorsement of his work and his candidacy, the National Association of Coroners says:

"To the Voters of Lake County, Ill.: We take this means of endorsing the candidacy of Dr. J. L. Taylor for re-election to the office of Coronor of your county.

"We do this because we have implicit faith in the integrity and ability of Dr. Taylor. Dr. Taylor, in the past at a considerable expense to himself, has attended all of the conventions of our association and has attended conferences at Washington, D. C., to better familiarize himself with the most modern scientific standards in the field of Crime Prevention and Crime Detection.

"We consider Dr. Taylor one of the outstanding coroners of the country because he possesses a keen intellect that qualifies him particularly for the office of coroner.

"A coroner must have knowledge of legal medicine as well as a practical knowledge of all of the most scientific standards of Crime Detection. Dr. Taylor possesses both.

"Taking these qualifications which Dr. Taylor possesses into consideration makes him a valuable adjunct to the State's Attorney and to the other coordinating law-enforcing offices of the county and municipality.

"We sincerely urge all of the people of Lake county, irrespective of party, to vote for Dr. Taylor at the Primary election in April—thus assuring his nomination and making it possible to re-elect him in November.

Sincerely yours,  
 National Association of Coroners,  
 By P. J. Zisch, Executive Secretary.

**Fulfills Duties Personally**  
 Dr. Taylor came to Lake county as a young man, from Iowa, where he was born. He was graduated from Lake Forest schools in 1888, from the Illinois College of Pharmacy in 1891 and from Rush Medical college in 1894. He then made his home in Libertyville, where he has lived ever since.

He is president of the Lake County Medical society and a member of the Illinois and American Medical Societies. He is also a member of the Illinois State Association of Coroners and a member of the advisory board of the national association.

During the years he has served as coroner, the office has been divested of politics and other outside interest. Dr. Taylor has personally attended to practically all of the many duties connected with the office, and has never put in a bill to the county for assistants or other extras of any kind. He cast his first vote in Lake county as a Republican and has voted that ticket ever since.

**Libertyville Attorney Is a Candidate for Republican Nomination**

The Eighth Senatorial district would find valuable the legal training of Willis A. Overholser, Libertyville attorney, the friends who are promoting his candidacy for the Republican nomination for state representative believe.

As examples, they point to some of the matters Overholser believes should be acted upon at the next session of the Illinois legislature:

Revision of laws so as to provide greater protection of the ballot and safeguards against vote-stealing; revision of parole laws; strengthening of Civil Service laws to protect employees from political influence or assessments; legislation to require a business administration of penal and charitable institutions; itemized appropriation bills in all cases practicable to offset the evils of blanket appropriations and the "padding" of payrolls at election time; the codifying and harmonizing of the "antiquated and jumbled maze" of Illinois school laws.

Overholser has for the past 14 years been engaged in the practice of law in Lake county. He is a resident of Mundelein, and maintains law offices in Libertyville.

He was born March 23, 1901, at Winamac, Ind., and is the son of Dr. W. L. Overholser and Edith Overholser. His parents were of moderate means, and during his youth he earned his own spending money by working on a farm, driving a grocery delivery wagon, serving as janitor for a school and bank, and in other similar ways.

He received his grade school and the first two years of his high school at Winamac. His talent as a trombone player won him a scholarship to Culver Military academy as a musician in the academy's famous band. He was graduated from Culver in 1920.

**Active in Many Groups**

He afterward attended the University of Chicago, and studied law at both the University of Notre Dame and Chicago, receiving his Bachelor of Laws degree from the Chicago University Law school at the close of the 1925 summer quarter. He was admitted to the bar in Indiana, and on Oct. 15, 1925, was admitted to the bar in Illinois. Overholser earned practically all of his living, tuition and other expenses while in college and law school by playing in orchestras at some of the finest clubs and hotels of South Bend and Chicago.

Overholser is a past president of the Libertyville Lions club, a member of Libertyville Lodge No. 492, A. F. and A. M., Macabees lodge, First Methodist church of Libertyville, the American, Illinois, Chicago and Lake County Bar associations, Waukegan Local No. 284 of the American Federation of Musicians, the executive committee of the Libertyville Forum, and the Libertyville and Mundelein Young Republican clubs, and is president of the Libertyville Municipal band.

He is a former police magistrate of Mundelein, has been elected justice of the peace for three successive terms, and is the Mundelein village attorney. He is also an interested student of economics and governmental affairs, on which he has written a number of articles, pamphlets and books.

## NORDSTROM TOSSES BOMB INTO G. O. P. RALLY AT ZION

### Two-Minute Allotment of Time Fails to Daunt Him

(Waukegan Post)

Albert E. Nordstrom, Waukegan druggist who wants to be state senator from the Eighth district, a contest to be decided April 9 in the absence of a Democratic candidate, almost stole the show at the Republican rally at Zion last night (March 18).

All the speakers were started off with the generous allotment of two minutes' time each. Some of the candidates fudged on him, so half-way through the state committee aspirants Marks cut everybody down to a minute.

That didn't stop Nordstrom. Introduced last of the four state senate candidates, he bounced to his feet and advanced, waving his Townsend club membership card, which he said he had taken out in 1935. He said:

"I want you people all to turn out April 9 and bomb Nordstrom with votes. Why do I say bomb Nordstrom with votes? Well, I have to have your votes because I was bombed once before and I can't get back into McHenry county because the sheriff is waiting for me and I can't get to Boone county without going through McHenry county or 'way around through Elgin and that's too far and I would rather just go down to Springfield and be done with it anyway!"

Nordstrom explained that if the sheriff of McHenry county were really lying in wait for him, it wasn't for any felonious conduct:

"Back in 1927 I had a drug store in Woodstock. I rented a lower flat from an alderman, John F. Weinke, who lived in the upstairs. On Sept. 5, 1927, the state's attorney of McHenry county went out of town. Why did he go out of town? Two nights later on Sept. 7, 1927, a bomb exploded in the yard. The bomb tore the porch off. It broke all the windows. It threw down all the plaster. A window frame was torn out and thrown across the living room against the other wall.

"But I wasn't hurt. I was up in Wisconsin visiting my wife's people. God spared me. And why did He spare me? I believe He spared me to be your state senator and go down to Springfield and do what you want me to do!"

Nordstrom related that he had run an advertisement in the Woodstock Sentinel at the start of the campaign, and that Weinke, an ex-alderman now, had threatened to have the sheriff throw Nordstrom in jail for defamation of character in "using my name with a thing like you."

By this time Marks, hypnotized at first like the rest of the audience, was trying to flag Nordstrom down with his horn-rimmed spectacles, so the candidate began reading faster and faster from his reply to Weinke, and that part of his speech was lost.

Nordstrom sat down amid a storm of applause and approving shouts that eclipsed the reception accorded any other candidate.

Member, Cook County Board of Commissioners, serving second term—former chairman of Evanston Regular Republican Organization—One of founders of Young Republican movement—Graduate, Armour Institute of Technology, B.S. mechanical engineering—member of American Legion.

Primary Election—APRIL 9, 1940

## FIRST TERM WAS ACTIVE ONE FOR REP. H. D. KELSEY

### Record Given as Basis for Nomination for a Second Term

State Representative Harold D. Kelsey, in announcing his candidacy for re-nomination in the Republican primaries early in April, states that he will base his claims for a second term in the general assembly on the record he made during his first term.

Kelsey during this first term ignored the somewhat shattered tradition that a new member should take a back seat. He served on eight house committees, a liberal quota, for a first-term member, and states that he "did everything in his power to represent the people of his district (the Eighth, consisting of Lake, McHenry and Boone counties)."

As a member of the agricultural committee, he was in a key position to help put through bills backed by farm organizations. Other committees on which he served were conservation of natural resources, road and bridge, fish and game, motor vehicle and traffic regulation.

### Battled Quota "Transfer"

When lobbyists from Chicago, aided and abetted by many Chicago members, undertook to have the house pass a series of bills to mortgage the motor fuel tax quotas of downstate counties for millions to help construct super-elevated highways in Chicago, Kelsey joined in the successful battle to save the downstate counties from losing one-half of their motor fuel tax moneys for some 20 or 30 years to come. The three counties in his district had a vital interest in that attempted "grab" and more particularly Boone and Lake counties which had pledged future state motor fuel tax payments to make annual payments on road bond issues used to build hard roads. Had the Chicago scheme succeeded the taxpayers of the counties would be left holding the bag and they would have been assessed extra taxes to meet the bond payments. Kelsey was one of the leaders in the fight to keep Chicago from getting the downstate motor fuel tax money.

Another important battle in the legislature was over the question of the handling of state relief by the Illinois Emergency Relief commission. Kelsey was one of those members who believed relief administrative cost under the IERC set-up was excessive. He took the stand that the army of professional social workers in Chicago and downstate should either be abolished altogether or sharply pruned down so that more of the relief dollar could go to direct relief instead of high administrative costs. Kelsey was picked in a Republican caucus to lead the fight on the relief issue and legislation finally was adopted restoring the handling of relief to local administrators and curtailing dictatorial powers of the IERC to a great extent.

Kelsey states that he has received ex-

pressions of appreciation from educational leaders for his support of school legislation and also from agricultural heads and business men for his good work at Springfield.

On labor bills Kelsey supported the prevailing rate of wages measure but did not feel in favor of the so-called anti-kick back bill.

With the experience gained during his first term, Kelsey believes he will be in better position to look after the

interests of the district, and seeks the support of the voters for re-nomination and re-election.

Kelsey's home is in Barrington.

## Easter Rejoicing is Reflected in Church Services

Although the chilly weather that greeted an unusually early Easter caused many to "renigge" on the wearing of spring finery, in favor of winter wraps, loyal attendances still flocked to the churches of Antioch and vicinity to share in the joyful spirit of Easter-tide.

Churches of Lake Villa, Salem, Wilmet and other nearby communities reported surprisingly good attendances in view of weather conditions.

The Antioch Methodist church's service on Easter morning was shared by a large gathering of worshippers. At this service the pastor, the Rev. W. C. Henslee, administered the rites of baptism to two infants, Carol Ann Frazier, one year old, daughter of Mr. and Mrs. Edward Frazier, and Sue Carol Barnstale, three months old daughter of Mr. and Mrs. Barney Barnstale.

At St. Peter's Catholic church, of which the Rev. F. M. Flaherty is pastor, the Easter observance was held at three services, as is the annual custom of this parish. The Rev. Jerome Zozorowski of St. Mary of the Lake seminary was the speaker at two of the services. A large number of parishoners received communion at the Easter masses.

A 7:30 a. m. holy communion service, as well as the Choral Eucharist and sermon at the 11 o'clock service marked the St. Ignatius' Episcopal services, over which the pastor, the Rev. J. E. Charles, presided.

The Christian Science society held its observances at the 11 o'clock service, likewise well attended.

Good Friday services were held at a number of the churches in the Antioch area.

On Sunday, March 31, the Lake Villa church will play host to the Rev. M. L. Frank and his choir from Millburn. The Rev. Frank will deliver the morning message and his choir will take part in the worship and singing.

Last Sunday morning during the Easter services, 11 children were baptized: Adrienne Boehm, Joel Armstrong, Arlyn Schneider, Walter Schneider, Willard Schneider, Glenn Phillips, Patricia Phillips, Roger Phillips, Wayne Phillips, Thomas Hanson and Barbara Galizer.

The pastor wants to thank the 29 members of the choir, the pianist, and all others who helped to make this service so beautiful. The Easter lilies helped make the altar a beautiful setting for the Easter Service.

Several events of outstanding importance are being planned by the church. On the evening of April 7, the pastor and his two choirs will present a candle-light service in honor of the Masons and Eastern Stars who will attend in a group. This service is also open to the public and it is hoped that many will take advantage of worshiping with us in this service.

The Millburn church was well filled on Sunday for the Easter services. A choir of 25 voices sang from the balcony. Donna Grace, daughter of Mr. and Mrs. Earl Jane, Jr., of Diamond Lake was baptized.

### "HOBBY PARTY" CELEBRATES 25 MARCH BIRTHDAYS

Twenty-five friends of Miss Elizabeth Webb celebrated March birthday anniversaries at her home Monday evening. Each guest was asked to— and did!—bring with her something pertaining to her "pet hobby," and to give a talk concerning it.

When the guests were assembled, the hobbies proved varied and most interesting. The impressive collection revealed, as they compared notes, ranged from antiques of many kinds to candy-making, from the compiling of recipe books to quilt making (three of those present had brought quilts!) and the preservation of such treasured handiwork as a table cloth 150 years old.

Music, the collection of souvenir spoons, baseball, knitting, sewing, the compiling of a genealogical chart, the relating of the tale of a what-not shelf—these were only a few of the concerns that interested the versatile ladies. Prompted by the returning interest in the "wasp waist" silhouette and the revival of the corset, one of the ladies who had been a corsetiere many years ago, brought with her one of the tiny-waisted corsets such as were worn about 1900.

A newspaper printed in Vicksburg July 3, 1863, carried thoughts further back into history, and many other fascinating hobby examples were shown.

Among those on whom prizes were conferred because of the interest of their hobbies were Mmes. Bert Ray, Waukegan; Wallace Dobyns, McHenry; Curtis Wells, Oscar Hachmeister, Billy Gray and Walter Dibble.

A "word contest" was won by Mrs. Roy Williams.

Prizes for concocting the best Easter hats from crepe paper went to Mrs. W. A. Biron and Mrs. Maud Sabin.

A buffet luncheon was served. Appointments were in the Easter colors, with yellow predominating.

Dr. Forsyth is head of the Leadership Training department of the Methodist church, and is also at the head of the department of church schools. His time is in great demand, the rally committee states, and it is only by the co-operation of several churches in holding the gathering together, that he could be secured as speaker.

The Bristol choir of 30 voices, under the direction of Mr. Peters, will sing. At 12:30 o'clock, a pot luck fellowship dinner will be held in the church dining room. Everyone is invited to bring food of his or her own choosing and join in the dinner, the committee announces. Dr. Forsyth is to be a guest of honor.

## AMUSEMENTS

### "Uncle Tom's Cabin in Swing" Is at Genesee

With an all-star cast of 45 nationally known entertainers, including the popular orchestra leader, Henri Lishon, and his 12 Colonial Serenaders, the new and brilliant musical comedy revue, "Uncle Tom's Cabin in Swing," comes to the stage of the Genesee Theatre in Waukegan this Friday and Saturday (March 29-30), and will be presented at both matinee and evening performances. On the screen will be the new film, "Free, Blonde and 21," starring Joan Davis and Lynn Bari.

All the loved characters of the famous story of Uncle Tom's Cabin, Uncle Tom, Topsy and Eva, Eliza and Simon Legree, swing and dance and sing their way through the riotously funny performance of "Uncle Tom's Cabin in Swing." The great and loved melodies of Stephen Foster, including "Old Black Joe," "Old Kentucky Home," "Oh, Susannah," "Swanee River," etc., have been advantageously set to modern swing rhythms and blaze their way through a carnival of tap-tapping melodies to a happy finale.

Having hit new highs in applause and critical praise, the show comes to the Genesee theatre billed as the "biggest tabloid musical hit of the decade."

### Good Attendances Greet J. B. Rotnour Productions

As the season progresses, audiences at the J. B. Rotnour plays continue to grow larger, enjoying comedies and more serious dramatic productions which are all late releases, especially secured by Mr. Rotnour for this territory.

"It Had to Happen," a timely comedy-drama, will be next Thursday evening's offering.

This evening, the Rotnour troupe is giving "Hardscrabble Hollow," a comedy of the old home town, filled with homely philosophy and delightful humor.

Vaudeville will be introduced by Miss Margaret Peachy in a fast tambourine dance, and there will be a "double act" by Parsons and Townsend. Merchant free tickets may be secured from any of the firms mentioned in an advertisement elsewhere in this issue of the News. The doors of the Crystal theater will open at 7:30, and the curtain will rise at 8:15.

Last Thursday night the players gave "A Husband for Sale," a hilarious comedy, before a well-filled house, and tonight's production is expected to draw even better.

## Service to Public Qualifies Haney, Friends Declare

### M. J. "Mike" Haney Enters Race for Representative from 8th District

Many years' experience in the service of the public qualify him for candidacy for representative to the Illinois assembly from the eighth senatorial district, friends of Michael J. Haney believe.

Genial "Mike," who is a candidate on the Republican primary ticket, has for the past 10 years served as police magistrate and justice of the peace in Waukegan, and has filled many other public offices in a manner to do credit to himself and win the esteem of others.

Haney was born in Kansas City, Mo., Jan. 6, 1887, and was reared in Montgomery county, Illinois. He has resided in Waukegan for 34 years, and has for 30 years been active in Republican politics in Waukegan and Lake county.

Besides his duties as police magistrate and justice of the peace, his service to the public has included acting as clerk for the Lake county board of review, and as clerk for the Waukegan assessor's office.

For eight years, in conjunction with his other duties, he has been a member of the Waukegan town board, and has had many opportunities to study the maintenance of relief work, and various taxation problems, and other

aspects of the practical side of government. Haney also served for three years as a member of the Waukegan playground and recreation board. He is active in the Kiwanis organization, and has six children. He is married.

## REEVES IS HONORED...

(continued from page 1)

have come to look upon "Daddy Reeves" as their special friend.

Some of those who filled the store at the presentation were young men and women who could look back to their own childhood and recall days made happier by "Daddy" Reeves' kindness. The ceremony was a touching one, and more than a few eyes were dimmed with tears as homage was paid by all to one of Antioch's best-beloved business men.

Through the years, rain or shine, every Monday has brought a group of happy youngsters into the store on Main street, where childish hearts were filled with joy as Mr. Reeves followed his long-established custom of giving each of the 75 to 100 children in the Antioch Grade school's first, second and third grades an ice cream cone. His love for children expressed itself in many other acts of kindness in their behalf.

## Token of Esteem

For this reason Easter Sunday, as a day of joy and gladness, was chosen as the day for the presentation of a token of the esteem and respect of the children of the Grade school, now and in years past.

In charge of arrangements for having the etching made by a well known Chicago artist, and for its presentation, were Mrs. C. E. Hennings as president of the Community council, Mrs. Thomas Hunt as its secretary, and Mrs. L. J. Zimmerman.

Every organization in town had a part in the arrangements for Easter Sunday afternoon.

Starting with the playing of two appropriate selections by the Grade School band under the direction of Hans Von Holwede, highlights of the afternoon were the official presentation of the etching, made by Donald Phillips, and the presentation of a further token, a beautiful white-blossomed hydrangea plant, by Louise Elms on behalf of the gathering.

An Easter card bearing the legend, "When praises ring and voices sing in honor of a risen King, it is a joy to hope that you may have a happy Easter too," also carried the names of the co-operating organizations that made the occasion possible, including: the Antioch school children, Methodist church, St. Peter's church, Men's Civic club, Woman's club, Lions club, Business Women's club, Mothers' club, Antioch American Legion post, American Legion auxiliary, Antioch Fire department, and Antioch Grade School Parent-Teacher association, with the Antioch Community club signed as the general representative of all.

A speech of acceptance and gratitude by Mr. Reeves was followed with the playing of two more band selections, and the afternoon concluded with a general treat and visit for all.

"It was the happiest Easter in my life," declares Mr. Reeves.

While he has been in poor health during part of the winter, Mr. Reeves has endeavored to keep up with as many as possible of his interests.

## Rep. Keller is Known for Fine Voting Record

### Educational, Labor and Agricultural Bills Get His Support

Nick Keller, Senior member of the Eighth District in the House of Representatives representing Lake, McHenry and Boone counties, has a fine voting record in the Assembly of Illinois.

Representative Keller sponsored H. B. No. 89, the Prevailing Rate of Wage Bill, which passed both the House and Senate with the greatest majority that any labor measure had heretofore received.

He has been especially active in helping to raise the standards of the men and women who follow the pursuits of Agriculture and Labor.

His outstanding voting record in behalf of school legislation and educational institutions is well known.

Mr. Keller favors increased purchasing power for Labor and Agriculture in order to help restore prosperity for business throughout the state and nation.

He has won the endorsement of Business, Industrial, and Social Groups throughout the State and Nation.

Nick Keller has also received the unanimous endorsements of Agriculture, Labor, Educational Groups, and Organizations.

#### Praised by Educator

Concerning Keller's support of educational measures in the House, R. C. Moore, executive secretary of the Illinois Educational Society, wrote:

"It was also evident that you studied all school measures with an open mind and gave strict attention to your committee work and the debates on the floor of the house."

"I hope your constituents will keep you in the General Assembly as long as you care to serve them, and that you will continue to give to the schools the excellent service you gave this year."

Keller is a member of the following important House Committees: Efficiency and Economy, Farm Drainage, Conservation Fish and Game, Industrial Affairs, Liquor Regulation, Parks, Railroads, Aviation, Transportation, and Waterways.

Nick is a life-long resident of the district and a descendant of a pioneer Lake county agricultural family. He served from 1923 to 1931 as commissioner of public works in Waukegan. This was during Waukegan's greatest period of development.

He is a veteran of the World War, and served as a member of the U. S. Naval Reserve for 16 years.

Besides being owner and manager of the Seven Keller Brothers Poultry farm and proprietor of Keller's restaurant on Sheridan road near Zion, he has been prominent in the promotion of athletics in Lake county for 20 years and has acted as baseball scout on the rolls of the St. Paul club of the American association.

#### King's Heart to Battle

In Robert Bruce's last years he wished to join a military expedition to the Holy Land. Knowing that he would die before fulfilling his desire, he requested his friend, Lord James Douglas, to take his heart after death and carry it into battle. Douglas placed the heart in a silver casket and carried it into the battle in which he perished. One of his knights recovered Bruce's heart and took it back to Scotland, where it is buried in Melrose abbey.

## Political Party Defined

Primary elections, such as that to be held on April 9, concern only the selection of political party candidates who are to be voted on at the general election in November.

According to law, "political party" is a term applied to specific groups of voters. When such a group at a general election for State and county officers then next preceding a primary, polled more than five percent of the entire vote cast in the State, it is declared to be a "political party" and can nominate candidates to all offices and elect precinct, township, ward and State central committees.

The total vote of any political party is determined by the number of votes received by the party candidate who received the greatest number of votes, provided the candidate is not for the office of Representative who is elected by "cumulative voting."

## Candidacies of

Stelle, Adamowski, Barrett Endorsed

### Records of Governor, Senator, Auditor Aspirants Cited

Editorial comments in a number of Illinois newspapers have greeted favorably the candidacy of Lieut. Gov. John Stelle, who is seeking the Democratic nomination for governor.

Some of these comments follow: The DeKalb Daily Chronicle—"John Stelle handled the task that presented itself in a manner that shows him as probably the biggest personality his party possesses in the state."

The Alton Evening Telegraph—"It was Stelle's first real opportunity to demonstrate the kind of a man he is and he just naturally conducted himself as a big man should. His career as Acting Governor will greatly increase the name and fame of John Stelle."

The Peoria Evening Star: "He made new friends and won high esteem of all citizens by the capable manner in which he discharged the arduous duties and handled a trying job with complete satisfaction to everyone."

The Belleville New Democrat—"Lieut. Gov. John Stelle as Acting Governor for nearly five months has handled the executive affairs of the state in a decidedly capable and efficient manner and with creditable loyalty to his chief."

Mr. Stelle served two years as state treasurer and for the past four years as lieutenant governor. During the latter period he served more than five months as acting governor while the governor was absent from the state because of illness.

During the years he served as lieutenant governor, Stelle also acted as president of the Illinois state senate.

**Adamowski, Barrett Records**  
State Rep. Benjamin S. Adamowski, candidate for the Democratic nomination for U. S. senator, has been a member of the Illinois House of representatives for the past ten years and during that period he has served with distinction as minority and majority leader.

Adamowski's legislative record has been approved by leaders of all groups, including agriculture and organized labor. Although only 33 years old, Adamowski is considered by many as the candidate best fitted to fill the place left vacant by the death of the late Senator James Hamilton Lewis.

State Auditor Edward J. Barrett, candidate for renomination, was the first democrat elected to state office in 17 years when he won in 1930. His record as state treasurer and auditor of public accounts has won the approval of business, agricultural and labor leaders throughout the state.

## C. H. KRUEGER IS CANDIDATE FOR CORONER OFFICE

### Friends Recommend Former Deputy Sheriff on Primary Ticket

Familiarity with legal practice in all courts which come in line with the duties of the county coroner office is cited by friends of Charles H. Krueger in recommending him as a candidate for coroner in the Republican primary.

Krueger has served as a Lake county deputy sheriff under two administrations and has also served Vernon township as constable. His friends point out that he is not connected with any private corporation or indebted to any concern or faction.

Citing his experience, they emphasize that "the coroner's office is a judicial office and the coroner acts as a judge at an inquest. It is his duty to see that all evidence is properly presented to the jury so that they may decide the case accordingly."

"In cases where there is an autopsy to be performed, there is no charge to the county. If a member of your family meets with some mysterious death and you ask that an autopsy be performed, you must pay for it yourself, and not the county, except in case of murder, when the state pays for the service."

"The present coroner has mentioned in his speeches that he has saved the county money by being a doctor. Krueger has promised that if he is nominated and elected coroner he will see to it that juries are summoned in the vicinity where the death occurs and if any autopsy is needed he will suggest that a local doctor, or the family doctor, as may be desired, shall be called upon, giving all doctors a chance."

Krueger was born and educated in Lake county and is a resident of Prairie View in Vernon township. He and Mrs. Krueger have two daughters, and have also taken into their home three boys from an orphanage, whom they have cared for during the past five years.

## Taverns Must Close During Election Day Under Heavy Penalty

According to State election laws, no intoxicating liquors can be sold or given away within a mile of any polling place on any general or special election day. Taverns, saloons, bar rooms or any place where liquor is sold or given away within one mile radius must close on election days.

Fines ranging from \$100 to \$1,000 or imprisonment in the county jail from 30 days to one year, or both fine and imprisonment, are the penalties for violations of this section of the statute. The sheriff, coroner, constables, other officers of the county, and magistrates are sworn to see that the election liquor law is enforced.

## WM. MASON WOULD ABOLISH TAXES ON SMALL HOMES

### Wilmette Republican Seeks Nomination for 10th Dist. Representative

William Mason, of 419 Ninth street, Wilmette, Republican candidate for representative in congress from the 10th district, includes in his "Get the Government out of Debt" campaign a move for abolition of real estate tax on small homes, which should appeal to all home owners, the candidate's backers say.

A plan to establish an adequate old age pension "without a taxpayer's oath" is also stressed by this candidate.

Mr. Mason was subdivider of a section of land from Ridge avenue to Damen avenue on Birchwood avenue, Chicago, in 1915, and later during the war when tenants were called to service, he was commended when he allowed more than a hundred families to retain their apartments at storage house rates.

Supporters say Mason's business experience in his law practice and as a builder qualify him for the duties of a representative in congress.

## Cabinet Shifts, Bombing Raids Presage Big Spring Offensives; Russia Draws Closer to Italy

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.)

### EUROPE:

#### From Axis to Triangle

If foreign observers hoped the Finnish peace would place a quietus on western warfare, their mistake was clearly evident by late March. Not by secret maneuvers but by leaps and bounds the Rome-Berlin axis was merging into a Russian-German-Italian coalition designed to force a dictators' peace down the Anglo-French throat. At London and Paris the populace protested, demanding more aggressive pursuit of the war. Their parliaments fumed, and one government fell completely. The other, sorely afraid, jumped into the conflict head first.

#### Mr. Welles Goes Home

Nobody knew what was in his briefcase but U. S. Undersecretary of State Sumner Welles boarded the Conte di Savoia at Genoa, homeward bound to tell Franklin Roosevelt about the chances for a European peace. Sidetracked by France

PAUL REYNAUD  
He got the call.  
(See below.)

and Britain, he had more luck with Germany and Italy whose dictators, Adolf Hitler and Benito Mussolini, met at the Brenner pass and presumably framed a set of abortive terms.

Also discussed at Brenner was an Italo-Russ compromise calling for sphere-of-influence division in the Balkans. A few days later, when Soviet Ambassador Alexander Schkvarzev flew from Berlin to Moscow on a secret mission, it was clearly evident that Germany was drawing Rome and Moscow closer together. As if gloating over this diplomatic victory, Hitler sent his raiders to bomb the British naval base at Scapa Flow.

### Reaction

In England. When press and public began yelling for action, Prime Minister Neville Chamberlain got mad. He gave parliament the fightingest speech of his career and promised to strike back. For the umpteenth time in three years he averted a government collapse, this time by sending planes on a retaliatory air raid against the Nazi base at Sylt (see map). Wave after wave of bombers poured tons of explosives on the island fortress; next day reconnaissance planes brought back pictures to prove the damage. Hastily the Germans took precautions at their other vulnerable base, Heligoland. Then they

## In the HEADLINES

**OKLAHOMA**—The U. S. obtained a preliminary order restraining Gov. Leon C. Phillips from using troops to prevent completion of the \$20,000,000 Grand River dam. Phillips' contention: That the U. S. should pay the state \$889,000 for property to be damaged.

**TAXATION**—At Washington, the U. S. treasury figured early 1939 income tax returns showed a 26 per cent boost over last year, with heavy collections still to be reported.

**AVIATION**—American Airlines, Inc., asked the civil aeronautics authority for permission to operate the first complete airline from Chicago to Mexico City.

**COMMUNICATIONS**—Maj. Edwin Armstrong, inventor of static-free "frequency modulation" broadcasting, asked the Federal Communications commission to give his "F-M" the broadcasting channels now used for television. Argument: That television, now impractical commercially, stands in the way of radio progress.

took revenge by raiding British convoy ships in the North sea.

In France. Fighting increased on the western front but there was a bigger fight in Paris. Called on the carpet as a result of the Russian threat, Premier Edouard Daladier emerged with such a weak vote of confidence (311 deputies had not voted) that his cabinet resigned. This was a victory for democracy, because the Daladier government has ruled for seven months under dictatorial decrees. Quickly President Albert Lebrun summoned Paul Reynaud, conservative ex-finance minister, bitter foe of Nazism and distaster of the politics-ridden Daladier cabinet. Next day Premier Reynaud emerged with a well publicized, psychologically sound "victory" cabinet dedicated to trouncing the Nazis. Edouard Daladier was still war minister, and all parties were so thoroughly represented that the chamber's confidence seemed assured.

### In Finland

While 500,000 Finns hastened evacuation of territory ceded to Russia, the battered little nation began patching her defenses and counting noses. Total war casualties were placed at 58,500, of which 29,700 were dead or seriously disabled. (Total army: 360,000.)

Meanwhile new troubles were arising with Russia. The Finnish cabinet, about to resign, heard that the Kremlin opposed formation of a Norwegian-Swedish-Finnish mutual defense alliance on the ground that it would be aimed at the Soviet. Obviously Russia was not willing to surrender her new-found domination over Scandinavia.

### In Poland

Numerous and unpleasant are the atrocity stories coming out of Poland since German occupation last autumn. Much of this information probably came from consular officials of neutral nations, a possibility which might explain the latest Nazi order: Effective immediately, all foreign consular offices in Poland must be evacuated, making Germany the sole source of official information on conditions in the area. At Washington the state department announced the Reich had been adamant to its protests. Left without official representation were 532 Americans living in Poland.

### ASIA:

#### Crow Eaters

For two and one-half years Japanese troops fighting in north China have reported after every encounter that the enemy has been "routed," "given a stunning blow," "wiped out" or "annihilated." In late March the Japanese army was forced to eat crow. An official survey admitted that more than a million Chinese troops were still fighting in north China under leadership of Gen. Cheng Chien, whom the Japs reported killed in 1938.

In the south, Nippon had better luck, capturing the walled city of Lingshan and encircling a large Chinese force east of the Nanning-Yamchow railroad.

Meanwhile the puppet regime of Wang Ching-wei, turncoat ex-Chinese premier, summoned a central political council and established a government at Nanking under Japan's watchful eye.

### POLITICS:

#### Farley's Inning

In late March Columnist Ernest Lindley wrote from Washington that President Roosevelt had told an unidentified southern legislator (1) that he wanted to retire; (2) that Cordell Hull should succeed him; (3) that Jim Farley's Catholicism would make impossible a successful race by the postmaster general.

Next day Franklin Roosevelt protested. Said he: The remark about Farley and the rest of the article all came from whole cloth—it was utterly false. While this was no recommendation, it at least let Farley's friends believe that he would have an equal chance for the job if Mr. Roosevelt turns it down.

Farley himself took heart. Next day, stepping from his train at Springfield, Mass., where Democrats have entered a full slate of delegates for him in the forthcoming primary, he said flatly: "To clear up any misunderstanding, let me say that my name will be presented to the national convention at Chicago, and that's that."

And it was.

Other political news: Secretary of the Navy Charles Edison announced "after weeks of earnest consideration" his candidacy in the New Jersey Democratic gubernatorial primary May 21.

Sen. Arthur Vandenberg (R., Mich.) a G. O. P. presidential hopeful, turned down invitations to campaign in Wisconsin and Nebraska (where he is a primary candidate). Reason: "The choice of the (G. O. P.) convention should flow from the deliberate judgment of the people, and not from . . . a campaign tour."

## Women in the News

**DORIS DUKE CROMWELL**, "world's wealthiest girl," found Husband Jimmy Cromwell in trouble. As U. S. minister to Canada he criticized American isolationists and denounced Germany, prompting congressmen to demand his recall.

**MRS. FRANKLIN ROOSEVELT JR.** fell from a horse, fractured her pelvis and suffered a slight concussion.

### CONGRESS:

#### Farm Fund

Passed by the senate (and certain to pass the house) was a \$923,000,000 agriculture appropriation bill carrying \$212,000,000 for parity payments and another \$85,000,000 for the surplus commodities program. It was more than \$200,000,000 above either the house bill or the President's budget, and wiped out most of the \$300,000,000 earlier savings through which the house planned to avoid new taxes or a boost in the national debt limit.

Though congress hoped to offset the farm boost by slashing defense and relief appropriations, even this possibility was fading fast. Europe's war was forcing U. S. attention to her armed strength and metropolitan congressmen were demanding at least a \$500,000,000 boost in WPA's appropriation. Some observers predicted the deficit for next fiscal year would be at least \$2,500,000,000, compared with the \$1,716,000,000 estimate by President Roosevelt. Treasury Secretary Morgenthau, hearing that congress was looking covetously at his \$2,000,000,000 stabilization fund, hastened to protect it.

Also in congress: Indicating a lessening of administration opposition to Wagner act amendments, the pro-New Deal house labor committee voted to expand the labor board from three men to five. Earlier the committee

MICHIGAN'S HOFFMAN  
"Hell's bells, no!"

rejected 9 to 8 a motion for establishment of a new board, but there was skulduggery in this. Rep. Clare Hoffman (R., Mich.) learned his proxy vote had been cast against the proposal by error. Asked if he would have voted as his proxy was cast, Hoffman replied: "Hell's bells, no! Everybody knows what I think of this board!"

After passing the farm bill, the senate took up the house-approved resolution to extend for three years the reciprocal trade act. Its support diminished, the bill stood only a 50-50 chance of passing as the administration wanted it, minus a clause requiring senate ratification of each pact.

The senate banking and currency committee approved 14 to 4 the bill of Sen. John G. Townsend (R., Del.) to repeal the silver purchase act of 1934. Reasons: (1) Too costly; (2) it has subsidized Chinese, Mexican and Canadian silver; (3) heavy gold purchases have made it impossible to attain the goal of 25 per cent silver in the U. S. monetary stock.

An amendment to the Hatch "clean politics" act, designed to bar political activity on the part of state employees paid with U. S. funds, passed the senate and headed for a pigeonhole in the house.

The house military committee began investigating foreign purchases of U. S. airplanes, fearing vital defense mechanism was being sold abroad. Meanwhile the allied purchasing committee begged the U. S. to sell \$1,000,000,000 worth of its newest, secret planes. Reason: Present models would be obsolete by the 1941 delivery date.

#### THE CONTINUING TASK

LESSON TEXT—Matthew 28:18-20.  
GOLDEN TEXT—Ye shall be witnesses unto me . . . unto the uttermost parts of the earth.—Acts 1:8.

World conquest! The dream of dictators and of national leaders down through the ages is to be accomplished, for there is One who has the authority to claim such a place of leadership who will one day rule, for then "the kingdoms of this world" will have become "the kingdoms of our Lord, and of his Christ; and He shall reign for ever and ever" (Rev. 11:15). While we await His coming to take the throne are we to sit idly by? No indeed, for even now Christ has all authority and He has commissioned His followers to go out and to serve Him in all the world by making disciples in every nation.

#### I. The Obedient Disciples (vv. 16, 17).

The Lord never fails to keep His Word, but often His followers miss great blessing because they fail to keep their appointments with Him. He had told His disciples that after His resurrection He would meet them in Galilee, and we read that they met Him at the appointed place. One trembles to think of what they and we might have missed if they had failed to meet Him.

His promise to us is just as true and definite. "Where two or three are gathered in my name, there am I in the midst of them" (Matt. 18:20) applies to us today. If we meet Him at the appointed place, blessing will come to us and will flow out through us to all the world.

Observe that "some doubted," that is, they were perplexed and uncertain about the risen Saviour. If they persisted in their lack of faith we know that it must have shut them out of a great blessing, but at the same time it did not hinder the Lord's gracious ministry to His other disciples.

#### II. The All-Powerful Leader (v. 18).

Quietly and without any fanfare, Jesus announced that all power was given unto Him; or as the Revised Version more appropriately translates the word, "all authority." He does have all power, but He has more. He has the supreme authority which gives Him the right to rule over the entire creation, heaven and earth, spiritual as well as material.

No man in his right mind has ever laid claim to authority over even so much as the earth, but here is One who without hesitation or qualification declares that to Him has been given all authority in heaven as well as in earth, that is, over the entire creation. Surely it is God Himself who here speaks to us.

#### III. The Great Commission (vv. 19, 20a).

"It is the sublimest of all spectacles to see the risen Christ without money or army or state, charging this band of 500 men and women with world conquest and bringing them to believe it possible and to undertake it with serious passion and power. Pentecost is still to come, but dynamic faith rules on this mountain in Galilee" (Dr. A. T. Robertson).

Such faith and such a commission call for a worldwide mission. The church or individual without a worldwide missionary vision assuredly does not have the viewpoint of Christ. Observe also that it is an evangelistic mission. We are not called to entertain the world, nor primarily to improve the social order. Our business is to "make disciples," that is, true followers of Jesus Christ, which they can only become through accepting Him as Saviour and Lord.

Such a ministry will inevitably be a teaching ministry. "Faith cometh by hearing, and hearing by the word of God" (Rom. 10:17). How foolish is the preacher or evangelist who fails to teach the Word of God. It is His appointed method which cannot fail. Christian baptism is also a vital part of the Great Commission. It was first practiced at Pentecost (Acts 2) and later in the Church (Acts 8 and 10).

#### IV. The Abiding Presence (v. 20b).

There is no other statement of fact (for it is more than a promise) anywhere or by anyone that can compare with the assurance of Christ that He is with His witnesses always, even unto the end of the age.

Consider first of all who is to be with us, namely, the Son of God, the risen Christ, the One with all authority in heaven and earth! Then note that He is to be with His disciples "always." How important that is, for as we well know, the inspiration of even the greatest human leader largely goes with him to the grave. The Lord Jesus, on the other hand, is with each one of His children always. What assurance that fact brings to every witness for Christ as he gives himself joyfully to the carrying out of the Great Commission!

## McGaughey....

(continued from page 4)

ing cases as the Dela Cruz murder, the North Chicago bank robbery and the Oscar Nelson conspiracy. These were the more colorful cases McGaughey handled to protect the people of Lake county although there were many others which were highly important but not so spectacular.

For the last five years, McGaughey has continued to serve the general public—principally as Corporation Counsel of the City of Waukegan. Back of the scenes he has revised and reconfirmed the city ordinances, publishing them in book form—a revision that had not been done for thirty-five years.

A tribute to McGaughey's ability was recently shown in action by the state and the appellate court upholding his contention in revoking two Waukegan tavern licenses on charges of selling liquor to minors, some of whom were girls of 14 years. The state liquor commission sustained the revocation on McGaughey's plea while three Appellate court justices accepted his contention to dissolve an injunction restraining the city from interfering with these taverns which was granted by Circuit Judge William L. Pierce of Belvidere.

In Western Lake county McGaughey has handled rural situations as Village Attorney of Antioch where he is now engaged in revising that municipality's ordinances. He was Corporation Counsel for the Village of Deerfield for six years under three mayors.

Since early youth on an Illinois farm where he was born, McGaughey always had ambitions to serve as the people's attorney. He was the oldest of seven children to attend the one-room country school in the neighborhood. He rode eight miles a day for four years to attend high school where he was a scholastic and social leader of his class.

After graduation, for his further education, young McGaughey chose law—but about this time there was a world war going on in Europe which beckoned him. He envisioned tales of his grandfather's march with General Sherman to the sea. The stories of war caused a great urge to serve his country. It became stronger after high school graduation at the age of 18 and ended in enlistment after the spring farm work was done.

With the end of the war on November 11, 1918, McGaughey's thoughts turned again to law and the university. For finances, he obtained a job at the Nash Motors factory in Kenosha, and worked until the following September, when he enrolled at the University of Illinois. Summers were spent on road construction, mostly in Wisconsin, where he became a pavement finisher and finally operated a crew for the Iron River Construction Co.

Still determined to be a lawyer, McGaughey saved his summer vacation earnings and paid his way through the university with the additional funds earned from odd jobs and operating a Student Transfer Co., he and a buddy started.

Between studying for law and earning his way, McGaughey still found time to captain the Illinois debating team for three years and battle his way to heavyweight boxing championship of the university.

McGaughey started his law practice in Champaign after his graduation where he remained for three years before setting foot on Lake county in the summer of 1928 as a delegate to the Lions club convention. It didn't matter that he was established in the university city as a lawyer and a past commander of the Champaign Post No. 24 of the American Legion, he liked Lake county and resolved to remain. He became associated with the law firm of Runyard and Behanna, gaining recognition and an enviable reputation as first assistant state's attorney.

Outside the law office, McGaughey served as Chief de Gare of Volture 604, Forty and Eight, is a past exalted ruler of the Waukegan Elks and has numerous fraternal affiliations.

In the last campaign Lawrence Doolittle successfully made for Lake county sheriff, McGaughey was known as the one who did the talking and Larry did the shaking. Friends of the former sheriff recall how Doolittle lost his voice in the midst of the campaign and how McGaughey carried on.

He has never before sought elective office, but he has campaigned for all Republican officeholders in Lake county, actively making speeches in their behalf throughout the county, often traveling with the candidates on their entire tour for general election. He has been a familiar speaker at many women's clubs, parent-teacher associations and patriotic gatherings on a subject always of prime interest to him—that of Americanism and proper teaching of youth of America.

His home at 614 N. Genesee street in Waukegan reflects a typical American household where Mrs. McGaughey watches over a son and two daughters. The couple were married in Waukegan on November 11, 1938.

Such is the foundation upon which McGaughey has become a candidate for your state's attorney. It is the first time he has placed his name before the people of Lake county. His many friends believe that a man with such an outstanding record in public and private life assures competent and impartial service as the people's attorney. Many strong political leaders of the county have asked him to be a candidate.

George McGaughey has only one pledge to the people of Lake county—to give them a term of office that

will be worthy of their vote and support. He refers the people to any judge or lawyer in Lake county as to his ability to handle the work of the State's Attorney's office.

## Ray Paddock is Candidate for 4th Term

Works for the Interests of Citizens, Senator's Record Shows

A candidate for re-election for a fourth term is Ray Paddock, whose reputation for working consistently in the best interests of the people he represents has led to his being sent to the state senate three times by the voters of the Eighth Senatorial district.

Paddock, who has again been endorsed on the Republican ticket, has won the support of both agricultural and general voting interests.

He sponsored the legislation whereby two per cent of the premiums paid to outside fire insurance companies may be used toward meeting the expenses of maintaining fire districts, for giving protection to areas outside incorporated towns, cities and villages. The incorporated areas were already receiving such aid.

He also introduced and had passed the validating act of May, 1939, for getting the names of circuit judge candidates for the Seventeenth district on the ballot, when failure on the part of convention officials to file nominating certificates in time would have prevented the names from being entered on the ballot.

Paddock was born and has spent his life in Lake county. He served as supervisor from his township for several years, before being elected to the senate in 1928.

He has always taken an active interest in public affairs. As supervisor, he was one of the men who promoted and carried through the present hard road system of Lake county.

**Co-operates with Farmers**  
As senator he has worked with the farm group in the interest of the farmer, "being," he points out, "one himself."

He introduced and passed a bill to reimburse farmers for losses sustained by tuberculosis tests.

Paddock also states that he has always voted and worked against diversion of the gas tax for purposes other than road building; that he has always opposed the sales tax on foods and will continue this opposition.

He emphasizes the fact that he has worked with the Association of Township Officials in the matter of local self-government and believes that the present form of government can best be maintained by having local matters taken care of by local people rather than by direction from Springfield or Washington.

He pledges himself, if returned as senator, "to follow the same course I have in the past by working for the things in which my district is interested, and by using my best judgment in matters that come before the General Assembly."

Paddock was born in Lake county in 1877. He is married to the former Miss Irma Grace Huson. The Paddocks have three children and live at Round Lake, where they have a farm.

## POLL OF VOTES TO AID ERICKSON AS G. O. P. DELEGATE

Plans to have Republican voters in Lake county and other parts of the 10th Congressional District to record their individual preferences for presidential nominees in a district-wide poll have just been announced by Wm. N. Erickson, candidate for delegate to the Republican National Convention.

Mr. Erickson, a member of the Cook County Board of Commissioners and former chairman of the Evanston Regular Republican organization, pointed out that party voters in the 10th District previously had little to say about how their delegates to the Republican convention acted. While campaigning as an uninstructed delegate, Erickson declared that if he was elected, he desired to be guided by the consensus of the voters as recorded in the canvass he is now making.

Stamped post cards will be distributed throughout the north side of Chicago, the North Shore suburbs, and all of Lake county to include every part of the 10th district. Voters who will not be required to sign their names, are requested to fill in their nominee and return the card to the William N. Erickson Presidential Poll headquarters in the Georgian hotel, Evanston. Voters may indicate a choice of Gov. John Bricker of Ohio, Sen. Styles Bridges of New Hampshire, Thomas F. Dewey of New York, Sen. Robert E. Taft of Ohio, Sen. Arthur Vandenberg of Michigan, or any other name they prefer.

Serment of the 10th district, in this manner, will be tested for the first time in local history previous to the opening of the national convention which is scheduled this year for June 24 at Philadelphia. First results of the poll will be announced in this newspaper.

## HIGHLIGHTS IN THE LIFE OF RICHARD J. LYONS

A PART FROM HIS CONSTRUCTIVE RECORD IN STATESMANSHIP AND BUSINESS, RICHARD J. LYONS, CANDIDATE FOR REPUBLICAN NOMINATION FOR GOVERNOR, RANKS HIGH AS A VIGOROUS CAMPAIGNER. TYPICAL EDITORIAL COMMENT—HE HAS "BREADED THE BREATH OF LIFE AND THE WILL TO VICTORY" BACK INTO THE G.O.P. IN ILLINOIS.

VICTORIOUS IN FIVE CONSECUTIVE TERMS IN THE ILLINOIS HOUSE OF REPRESENTATIVES, LYONS IN 1938 WHEN ILLINOIS G.O.P. WIELDED FAR LESS POWER THAN NOW—CARRIED THE STATE OUTSIDE CHICAGO BY ALMOST 160,000 IN HIS RACE FOR THE U.S. SENATE

IT'S WILL TO WIN IS SEEN IN THE PRESENT PRIMARY CAMPAIGN IN WHICH HE HAS ALREADY TRAVELED 3,000 MILES VISITED HUNDREDS OF CITIES AND TOWNS IN ALL OF ILLINOIS' 102 COUNTIES AND PRESENTED TO HIS LISTENERS A COMMON-SENSE PROGRAM FOR A SOUND, JUST ADMINISTRATION

BECAUSE OF LYONS' POPULARITY WITH ALL TYPES OF WORKERS, FARMERS AND BUSINESS MEN—AND WITH INDEPENDENT DEMOCRATS—HE IS WIDELY REGARDED BY POLITICAL EXPERTS AS THE FORCE TO LEAD THE STATE G.O.P. TO VICTORY IN THE NOVEMBER ELECTION.

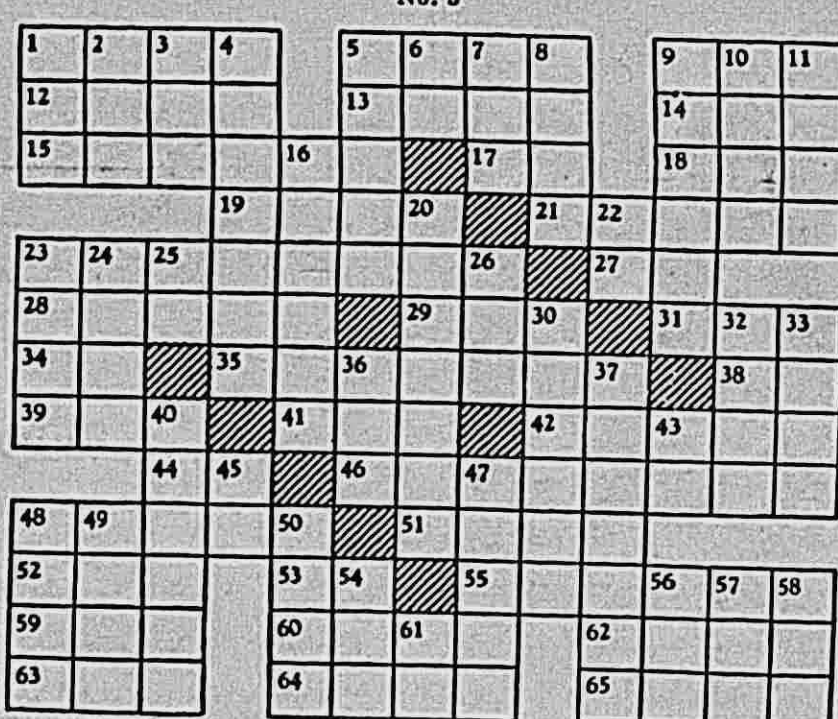

A Native Son of Illinois

## Business Sense Needed, Declare Kemper Advocates

Candidate for Republican National Delegate Has High Standing

A man who believes what he practices and practices what he believes is James S. Kemper, candidate for delegate to the 1940 National Republican convention from the Tenth Congressional district.

For years Kemper has believed that in a true democracy men in all walks of life must take an active interest in the operation of their government. For years, therefore, he has put this belief into actual practice, identifying himself with Republican activities in Illinois and the party's national campaigns. In 1936, he was the Tenth District's delegate to the National convention at Cleveland.

Kemper lives at 945 Sheridan road, Winnetka, and has been a resident of the Tenth district for 30 years, having lived for many years at 7450 Sheridan road, in Rogers Park, before moving to Winnetka. The home offices of the group of insurance companies which he heads are also located in the Tenth district, in the Mutual Insurance building, at Sheridan and Lawrence, Chicago.

He has been endorsed as one of the two harmony state delegates to the National convention and his candidacy is being actively sponsored by large groups of Republican voters in each of the ward and township organizations of the Tenth district.

Kemper is recognized as a financial leader of nationwide importance. He has managed the Lumbermen's Mutual Casualty company, largest of the five insurance companies of which he is president, since its organization in 1912. Last year its assets reached \$38,000,000 and it wrote more automobile casualty insurance than any other company on this continent. The total assets of the Kemper companies are now over \$50,000,000.

In view of the skyrocketing of the national debt under the present administration, and the economic problems brought on by unsettled affairs at home and abroad, the party will have need of sound business leadership and counsel when at the National convention it presents its program for victory in 1940, and many friends in the Tenth district feel that he is exceptionally qualified to represent the district at Philadelphia this summer.

## SCHOOL TRUSTEES HOLD BANQUET HERE

Fifth Annual Meeting of Township Officers Is Attended by 70

Seventy township trustees and treasurers, representing the 18 townships in Lake county, assembled in Antioch Township High School auditorium for their fifth annual meeting Wednesday evening.

Village President George B. Bartlett, who is also township treasurer, gave the address of welcome and introduced the members, following the 6:30 o'clock banquet with which the affair opened.

Sponsoring the meeting were Bartlett, who has served since 1922; D. H. Minto, the dean of Antioch township trustees, having served since 1912; Otto S. Klass, who first took office in 1931, and Bert Edwards, who took office in 1932.

Next year's meeting will be held in Wauconda, the county organization decided.

W. C. Petty of Antioch was in charge of a memorial service in honor of members of the association who have died.

Instructive talks on various phases of township work were given by the following:

William J. Bicket, Zion township treasurer—"Why a Township Treasurer?"

Ray M. Jurs, Cuba Township treasurer—"The Trustees' Annual Report."

Otto S. Klass, Antioch—"Trustees' Semi-Annual Examination of Township Treasurers' Accounts."

J. G. Wagner of Spring Grove, who was to have spoken on the subject, "How the township treasurer can be of more assistance to his school boards," was unable to be present.

DuPage Co. Supt. Speaks

Lewis V. Morgan, superintendent of schools in DuPage county, was a guest of honor, and gave a talk.

An open discussion was afterward led by W. C. Petty, the Lake county superintendent of schools.

Musical interludes in the program were supplied by students in the Antioch High School music department, under the charge of Hans Von Holwede. The dinner was served by the home economics department, of which Miss Isabel Larimer is instructor.

Bartlett Leases Service Station; Will Retire

On Monday, April 1, Village President George B. Bartlett will turn over the charge of the automobile service station he has operated on Main street, a block south of the post office, to John Gaa.

Bartlett has owned and operated the station for the past 14 years.

Questioned as to his retirement this morning, President Bartlett said, "Well, I'm 67 now. In three years more I'll be 70. So I'm retiring now instead of waiting until later."

Besides filling a number of public offices, which make considerable de-

Gaa will assume charge of the service station as district agent and manager for the Mid-Continent Oil company, which has arranged for a long-term lease on the property. He was formerly with the Standard Oil company for a number of years.

P. O. Applicants Quizzed by Civil Service Man
